& BOOK SIGNING**

STANDARDS MATTER

**THE WHY AND WHAT OF COMMON CORE
STANDARDS IN READING AND WRITING**

BROWN BOOKSTORE

**244 Thayer St.
Providence, RI
401-863-3168**

While critics rail against Common Core State Standards for national school learning guides, few know exactly what these Standards are. In this brief volume, the author spells out each Reading and Writing Standard to show that the Common Core State Standards simply guide high-level achievement for all students, invite teacher innovation and creativity, and make school a more exciting place of learning. Dr. Katherine Scheidler earned degrees from Brown University, Harvard University Graduate School of Education, and Boston University. She taught for several decades in an urban school in Providence, R.I., then served as clinical professor of Methods of Teaching English.
